Don't be surprised at Épicé's eye colour changing from one coloured illu to another, she's a big fon of coloured contact lenses!
Even we don't know her true eye colour.
She had to pass three different character designs, until she looked like she does now.
The real cute main character of the film "Wasabi" gave DuO the idea for Épicé.
Épicé's name comes from the French dictionary and it means spicy. Her family name "Vermilion" is a copic colour.
While driving, Épicé listens to music all the time.. and most of all silly parapara-songs, oldies and everything you can sing along.
Her beautiful Toyota Celica is the absolute favoured car of DuO!!! XD
Her weapon actually is a gun,.. impractical, but so cool! Épicé doesn't ever use it, but she can shoot with it, because her brother instructed her pretty early.
She's got clothes to change with her in absolute every situation!!!

Reading to many women's magazines, influenced by media (like me) and went to lose weight?
I've got the solution: start drawing a manga! Even better a whole volume in two months, so that you won't have time to eat! Sensational success guaranteed in one week already!
Disadvantage: If your parents notice your signs of disintegration and your greenish face, they will start a rescue attempt. And after a few days of well-balanced food you gain a new sack-form, because as a drawer, you aren't very sporty!
But even there, fitness-expert Asu may help: A Rock-workout! Go to a rock concert (Tokio Hotel doesn't count)! There you will lose two kilos / four pounds at least in one evening... Only in form of sweat, but the scales won't notice (that fact)... ;P
Besides potential broken bones can be used as an excuse for not holding the deadlines... ^_^

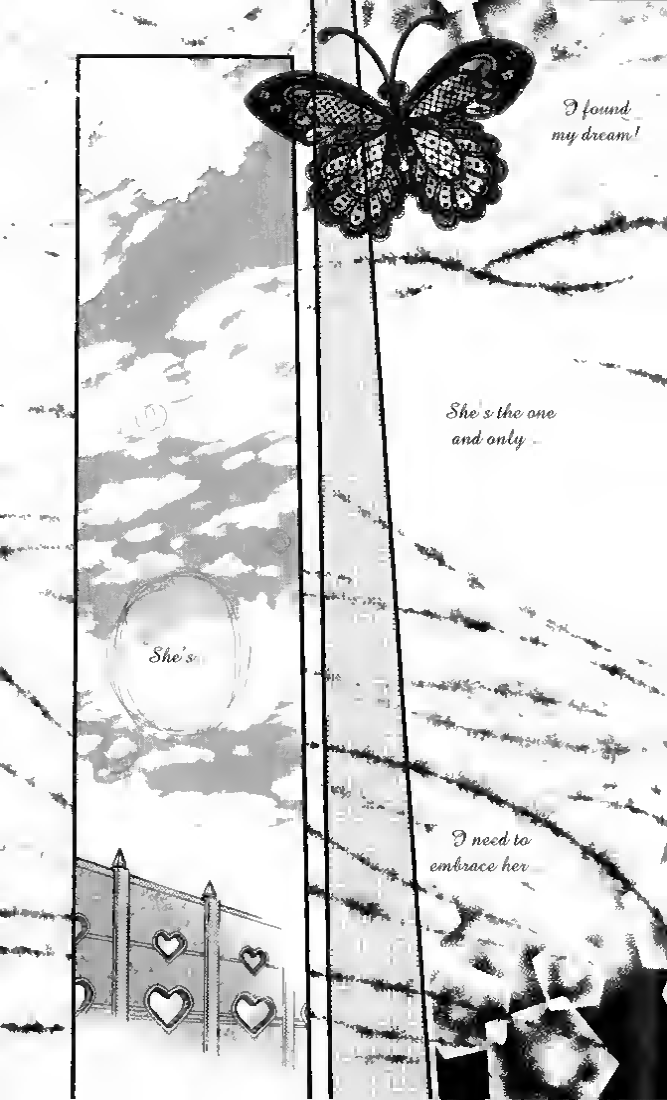
But...
I lost faith just for a moment
...now I've got it back!
Now, I know

I
must
do it!

I know You can't stop it
The more I think about it
the stronger my feelings became!

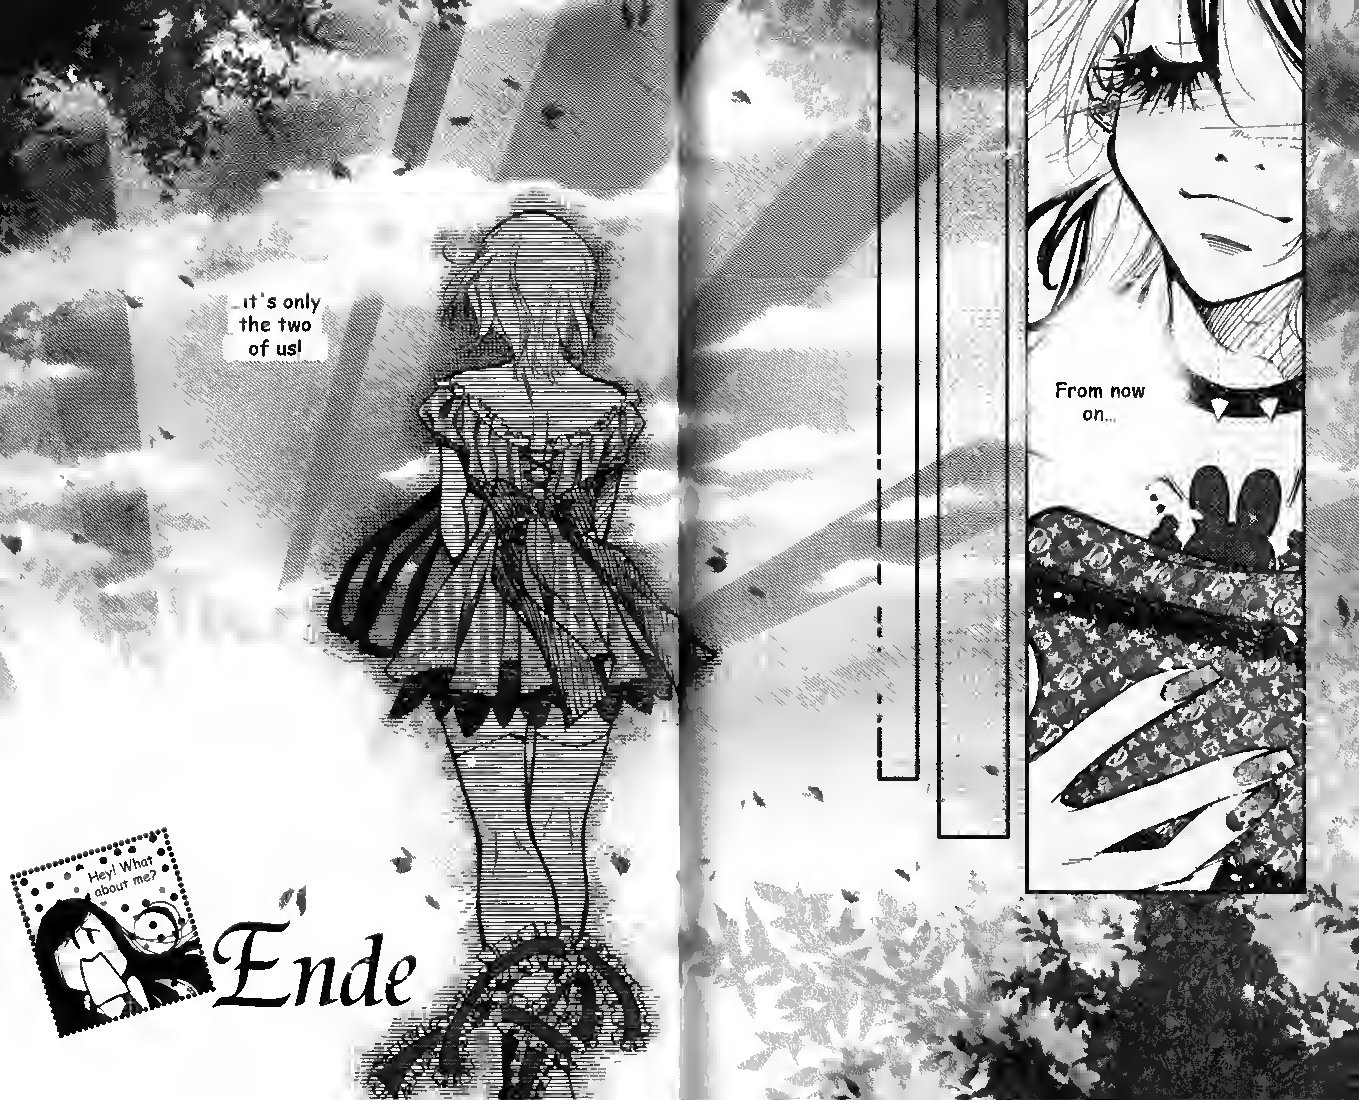


I found my dream!
She's the one and only
She's
I need to embrace her

...my
treasure...!!!

LOVE
I want to be with you forever!
Eh, young miss, are you going to buy it?
Oh sure
200 DOLLAR
I support you

I'm so happy...!



...it's only the two of us!
From now on...
Hey! What about me?
